

# GOUPIL-G2

## TECHNICAL DATA

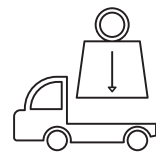

DIMENSIONS	A	D	E	F	G	H	I	J	K	L	M	N	P
mm	3 170	1 105	1 785	275	784	212	266	2 215	975	985	390	565	835

Homologation	Street legal L7e-CU with / without doors
Maximum speed	30 km/h
Chassis	S355 steel with anti-corrosion protection
Number of seats	2
Maximum permissible mass (GVW)	1 100 kg
Turning radius pavement	4.650 m
Tyres size	Street: 175/70R14   Turf: 27x8,5-14
Length x Width x Height	3 280 x 1 105 x 1 785 mm
Length x Width x Height Pick-up	1 308 x 1 074 x 304 m (1.4 m <sup>2</sup> )
Length x Width x Height Box van	1 278 x 1 020 x 961 mm (1.25 m <sup>3</sup> )
Payload	Up to 634 kg
Batteries	Semi-traction battery 5.8 kWh (4x12V) Lithium battery 5.2 kWh ou 8.6 kWh
Charger	On-board, water resistant (IP 66)
AC motor (maintenance-free)	Nomimal/max power: 5.1 kW/11.5 kW Max torque: 60 Nm
Max slope climbing	25 %
Towing capacity on road	233 kg
Warranty	Vehicle: 2 years Lead/Lithium battery: 2 years/5 years
Range	45 km with lead battery 5.8 kWh 61 km with lithium battery 5.2 kWh 100 km with lithium battery 8.6 kWh

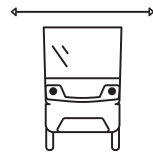

Any information or other data provided in this document is non-binding and subject to modification at any time.

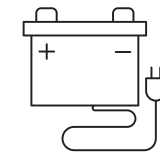

**CAPABLE**  
Up to 600 kg payload

**COMPACT**  
Only 1.1 m wide

**100 % ELECTRIC**  
Lithium battery

## COMFORTABLE & SAFE

Mounted on large road tires all held by heavy-duty McPhersons suspensions, **the G2 is at ease on the roads and off-roads!**

Its architecture composed of an alloy cabin frame and steel chassis makes it **lightweight and robust**, allowing exceptional rolling resistance for its category. With the **compact footprint**, you cruise through narrow roads and lanes **without disturbing the surroundings**.

**Road compliant**, the G2 comes as standard with 3-point seat belts and dual brake circuits to make **the ride safe and enjoyable**.

## USER-FRIENDLY

From the get-go, the priority was to make the G2 **simple to use** with the right ergonomics for each use case.

Goupil kept the same recipe with the G2: a low cabin floor and reversed glass doors. This offers **easy ins and outs** and practical curb approaches. Once in the vehicle, you benefit from **great outdoor visibility and large compartment space**.

The G2 would not be the ultimate solution without the Goupil **signature equipment**: pickup with foldable dropsides, tools carrier...

## STREET LEGAL

Like all our vehicles, the G2 is **homologated for European roads**. Equipped with a fully **waterproof cab** as standard, the glass doors can also be removed with no impact on the road homologation of the vehicle.

## VERSATILE

Public landscaping, facility management, personal crew carrier... the 100% electric Goupil G2 is suited for all jobs with **no compromises on your schedules and the environment of your neighborhood**.
